Description

Material:
Special Polyurethane compound

Intended use:
Exam room tables
Grooming tables
Recovery and treatment cages
Can be used on surgery tables
Recommended usage in automobiles to protect interior

Properties:
Do not slip on stainless or other smooth surfaces
2 mm thick making the mats snug/plush with the table
Insulate pet from hot or cold surfaces
Withstand low to medium heat (from heating pads)
Meet or exceed Fear Free guidelines
Long usable life making this the MOST cost effective product
Smooth easy to clean surface, not wrinkled therefore no rustling noise
Withstand chemicals like Windex, degreaser, rubbing alcohol, parvosol solution, 10% bleach solution, etc....

Treatment tables
Walk on weighing scales
Great floor covering for kennels
Used in homes to place pet's food and water

Double sided for a better utility and longevity
Soft and comfortable for the pet
Puncture resistant: cat claws will not go through
Easily cleanable with water and/or mild detergents
Colorful to complement facility ambiance
Affordable
