

Lead Generation

Does your business need leads?

We created a digital marketing package specifically for you!

By taking advantage of Google's new Smart Bidding Technology,

we're able to offer lower management fees (transparent pricing below) and include the full stack of tools!

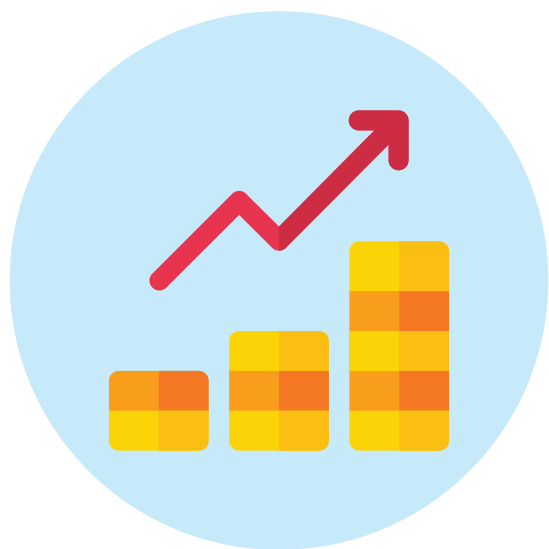

EVERYTHING IS INCLUDED

To ensure your digital marketing is fully tracked and optimized properly, we include the full stack of services at no extra fee. Don't need a landing page? No problem, we can work with your website too.

Full Service Ad Management

We manage and constantly optimize all of your ads on Google, Bing, Facebook, Instagram, LinkedIn, YouTube, Display, Pinterest, Outbrain, SnapChat, and more.

Conversion Rate Optimization

We constantly run a/b tests on your landing page in order to improve your conversion rates and constantly increase your return-on-investment.

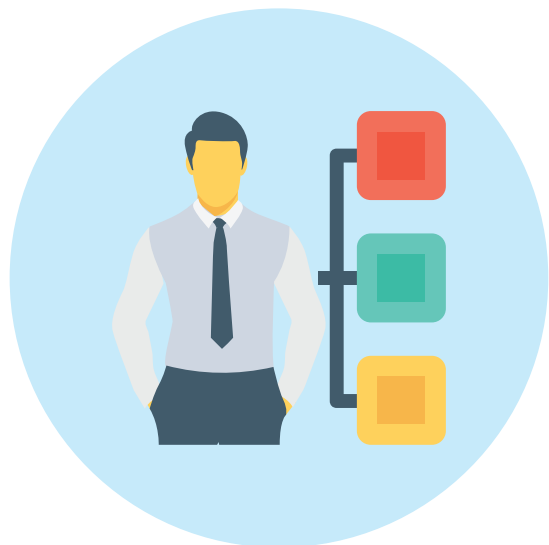

CPQL Optimization

CPL (Cost Per Lead) optimization will kill your business. We always optimize based on CPQL (Cost Per Qualified Lead).

CRM Integration

We use Zapier to instantly send every lead directly into your CRM. We also take data from your CRM so we can optimize your ads based on CPQL.

Dedicated Expert

You will have a single point of contact that manages every aspect of your campaign and knows your business inside out.

24/7 Dashboard Report

View your campaign data, trends, & performance any time from any device. Mobile friendly and updated in real time!
